## Gotta Be Kidding!

Is it proposed for a group of senior citizens to study and think about something written 1,952 years ago? They must really be **SENIOR** citizens! Well, the book of Romans, in the New Testament, is as current today as it was to the Roman citizens 1,952 years ago. Just come to the Woodland Bible Camp September 13-17 and find out.

The scribe Tertius wrote this personal letter in the winter of 57-58 AD for the greatest Christian missionary of all time, Paul, the Apostle. Did you ever write a letter about 13 pages long in very small type? The letter is divided into 16 chapters and 433 verses. With about 520 minutes of total time allotted for presentations that means each verse would be allowed 1.2 minutes. Obviously that is not enough time.

Thus the theme for the week is **ROAMING THRU ROMANS**. Each presenter will take their thoughts from one chapter. It will be most interesting to see the emphasis given to each chapter. Chapters 1-8 deal with the problem of righteousness. Chapters 9-11 address the problem of the Chosen People, Israel. Practical questions of life are dealt with in chapters 12-15 and chapter 16 ends with the introduction of a lady and final personal greetings.

What issues could be more important to consider than our struggle with righteousness. With Israel the most dominate issue in the Middle East, if not the world, current events are definitely on our minds. Daily living concerns, e.g. our own government and considering those most important in our lives are of uppermost importance.

How can anyone think of missing such an opportunity to grow and be blest in the Lord?? Plan this minute to be present at Woodland Bible Camp for Senior Citizens Week, September 13-17. See you there!!! ...Dick Lewis
